

Re: Miami County  
Concord Township  
Solid Waste

US EPA RECORDS CENTER REGION 5

454419

Mr. Robert Lamme  
Hobart Brothers Company  
600 W. Main Street  
Troy, Ohio 45373

October 5, 1979

Dear Mr. Lamme:

On August 14, 1979, Mr. Don Tucker of the Miami County Health Department and I inspected your waste disposal area located off of Lytle Road, and your waste disposal area located off of State Route 25A, next to the Great Miami River. The inspection was in response to a complaint about your Lytle Road disposal site, and as part of a state wide inventory of all land disposal sites the Ohio EPA is conducting.

As a result of our inspection, we have concluded that the wastes being disposed of at your two disposal sites are classified as solid waste and as such require that your two disposal sites be licensed as solid waste disposal facilities.

Therefore, in accordance with regulation 3745-27-09(K) of the Ohio Revised Code, please submit to this office within 30 days an operational report for each disposal facility as described in 3745-27-09(J) of the Ohio Revised Code. A copy of the solid waste disposal regulations has been enclosed for your information.

In addition, if any semi-solid or liquid wastes, or hazardous wastes are being disposed of at your two disposal sites, you must stop the disposal of these substances at your disposal sites immediately as required by regulation 3745-27-09(C) of the Ohio Revised Code.

Should you have any questions, please feel free to contact either Joe Moore of this agency or myself at our office in Dayton at (513) 461-4670.

Very truly yours,

Donald S. Marshall  
Land Pollution Control Section

 Hazardous Substances ☒

## COMMENTS AND RECOMMENDATIONS:

THE AREA SHOULD BE CLOSED OFF MORE TO THE PUBLIC.

WE SUGGEST POSTING SIGNS. AND PUTTING UP A GATE OR  
OTHER OBSTICAL TO KEEP THE PUBLIC OUT.

DO NOT DUMP OIL OR OTHER PETROLEUM PRODUCTS

DO NOT DUMP CARDBOARD OR PERMIT Garbage, such as Household  
TYPE TRASH, TO BE DUMPED.
